

RESOURCES FOR CLIENTS OF LIGHTHOUSE

The Lighthouse Community Credit Union and Resource Center, along with community partners in Vancouver, are proud to partner with Save First Financial Wellness to offer financial education and Emergency Financial Assistance as a benefit to their Fruit Valley clients!

Lighthouse, along with the Clark County Food Bank, the Boys and Girls Club of SW Washington, and the Fruit Valley Elementary School have secured funding to offer this Emergency Financial Assistance benefit to clients who are residents of Fruit Valley, and who have lost income due to COVID-19.

Save First will be administering these funds and additionally offering clients access to one-on-one financial coaching, financial classes and workshops, and a range of tools that assist in better understanding credit, reducing debt, and saving for the future.

How to Apply for Emergency Financial Assistance or Other Services:
